HELP GUIDE

**UPDATING  
THE APP  
FIRMWARE  
+ BYOD**

## ABOUT

This help guide outlines detailed instructions for updating the APP on the CONTROLLER and also includes connecting the CONTROLLER to a Wi-Fi network and creating a Google account if you do not already have one.

## CONNECTING TO THE INTERNET

To connect the CONTROLLER to a Wi-Fi network:

1. Tap the Main screen icon to return to the CONTROLLER main screen
2. From the main screen, tap on the Settings icon
3. Select Network & Internet and then Wi-Fi
4. Turn Wi-Fi on, then choose and connect to your Wi-Fi network
  - a. Turn on radio-buttons
  - b. Press Wi-Fi
  - c. Select and log in to your Wi-Fi network

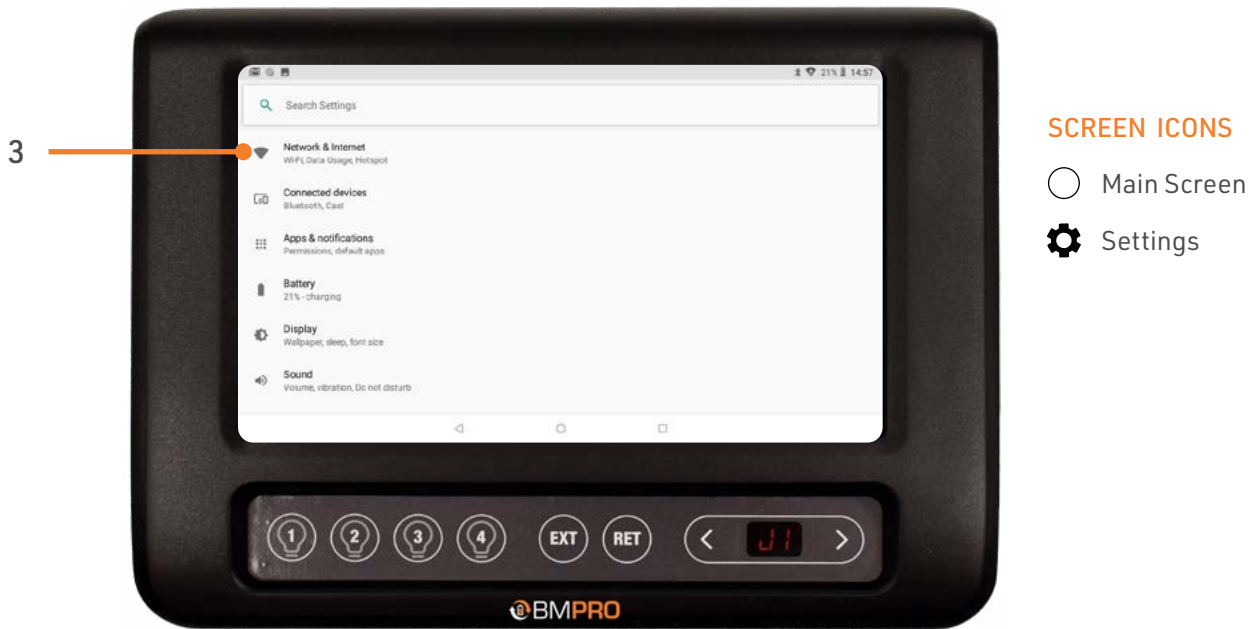

Figure 1: Connecting to the Internet

# CREATING A GOOGLE ACCOUNT

To update the APP you will need a Google account. If you don't have a Google account, you can easily create one from the CONTROLLER. Tap on the Google Play icon and follow the instructions to create your own Google account.

1. Tap the Main screen icon to return to the CONTROLLER main screen
2. Connect the CONTROLLER to Wi-Fi
3. Tap the Google Play icon, then

a. Create an account for yourself

d. Create a unique username

b. Enter your name

e. and password

c. Enter your basic information

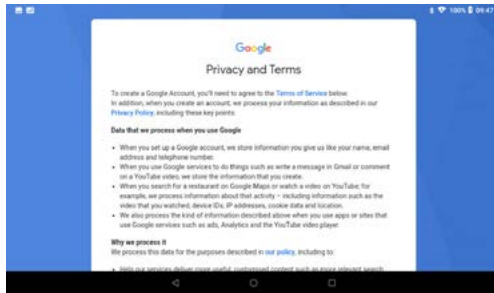

f. Link a phone number to your account (Optional)

## CREATING A GOOGLE ACCOUNT Continued

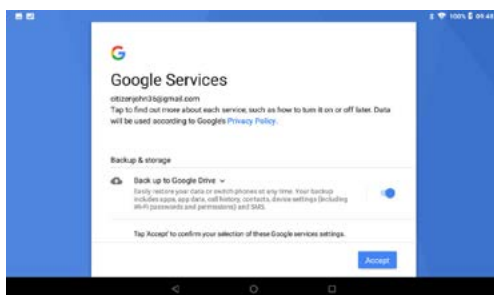

- g. Read and accept Google's Privacy and Terms

- h. Click Next

- i. Set up your Google Services according to your own preferences, then tap Accept to finish creating your Google account

## UPDATING THE APP VIA GOOGLE PLAY

The APP may be updated via Google Play with a valid Google account. Just connect your CONTROLLER to the internet and log in to your Google account and you may automatically receive the latest updates for the APP. You can also get the latest updates direct from the Google Play Store:

1. Tap the Main screen icon to return to the CONTROLLER main screen
2. Connect the CONTROLLER to Wi-Fi
3. Select Google Play and log into your Google account
4. Search for **BMPRO RVMMASTER** and update the APP if available

## FIRMWARE UPDATES

The NODE can be updated over-the-air, meaning you get the latest feature updates without the need to bring your RV to your local RV dealer. The APP will need to be updated regularly to receive the latest firmware.

### WARNING

To receive notifications about NODE updates, make sure that the CONTROLLER is connected to the internet.

Notifications to update the NODE firmware may be received after updating the APP on the CONTROLLER. These updates cannot be postponed. While the NODE is powered, update the NODE to ensure that the NODE is compatible with the APP.

## THE RVMMASTER APP - BYOD

Download the APP and enjoy the freedom to monitor and operate onboard RV features and accessories, on-the-move, from your own smartphone or tablet. Now available in the cloud, you can connect anywhere.

### COMPATIBLE DEVICES

The APP is compatible with Android 4.4 or later and iOS 11 or later. Search for "RVMMASTER" from the Apple App or Google Play Stores to download and install the APP on your smartphone or tablet.
