

PROSMART

PREMIUM

POWERING YOUR ADVENTURES

ProSmart Premium is a Bluetooth monitoring system that tracks multiple sensors and parameters for safe and comfortable adventures.

Monitor water levels in fresh or grey water tanks, LPG gas levels, temperatures inside appliances or your vehicle, tyre pressure (TPMS) and keep an eye on your 12V battery charge, all in one app.

ProSmart Premium includes SmartLink, a powered node that's easily installed and allows you to monitor both wired and Bluetooth sensors for all your off-grid adventures.

SPECIFICATIONS

Input Voltage Range	8V to 16V
Battery Drain	< 20 mA
Ambient Temperature	-20°C to 60°C
Compatible Devices	iOS13 or later Android 8 or later
SmartLink Dimensions	W156 x H76 x D23mm

KEY FEATURES

- Monitor up to 40 Bluetooth sensors
- Connect 4 water tanks
- Know your battery voltage
- Easy DIY installation
- Powered by 12V battery
- Free app
