

XPOWER SYSTEM

YOUR ULTIMATE OFF-GRID POWER SOLUTION

The XPower System by BM PRO is the pinnacle of off-grid power solutions, designed for adventurers who crave the freedom to explore remote destinations with confidence.

100 AMP SYSTEM

140 AMP SYSTEM

180 AMP SYSTEM

Combining unparalleled charging capabilities of up to 180A with the trusted control and monitoring of the Odyssey system, XPower delivers a complete and versatile off-grid experience.

POWERING YOUR ADVENTURES

XPOWER100

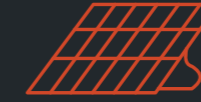

DC-LOAD
+ ODYSSEY SYSTEM
+ PROBOOST40
+ BATTERYCHARGE60
+ PXSHUNT500

100 AMP SYSTEM

RECOMMENDED FOR...

CHARGE FROM AC,
SOLAR, AUX

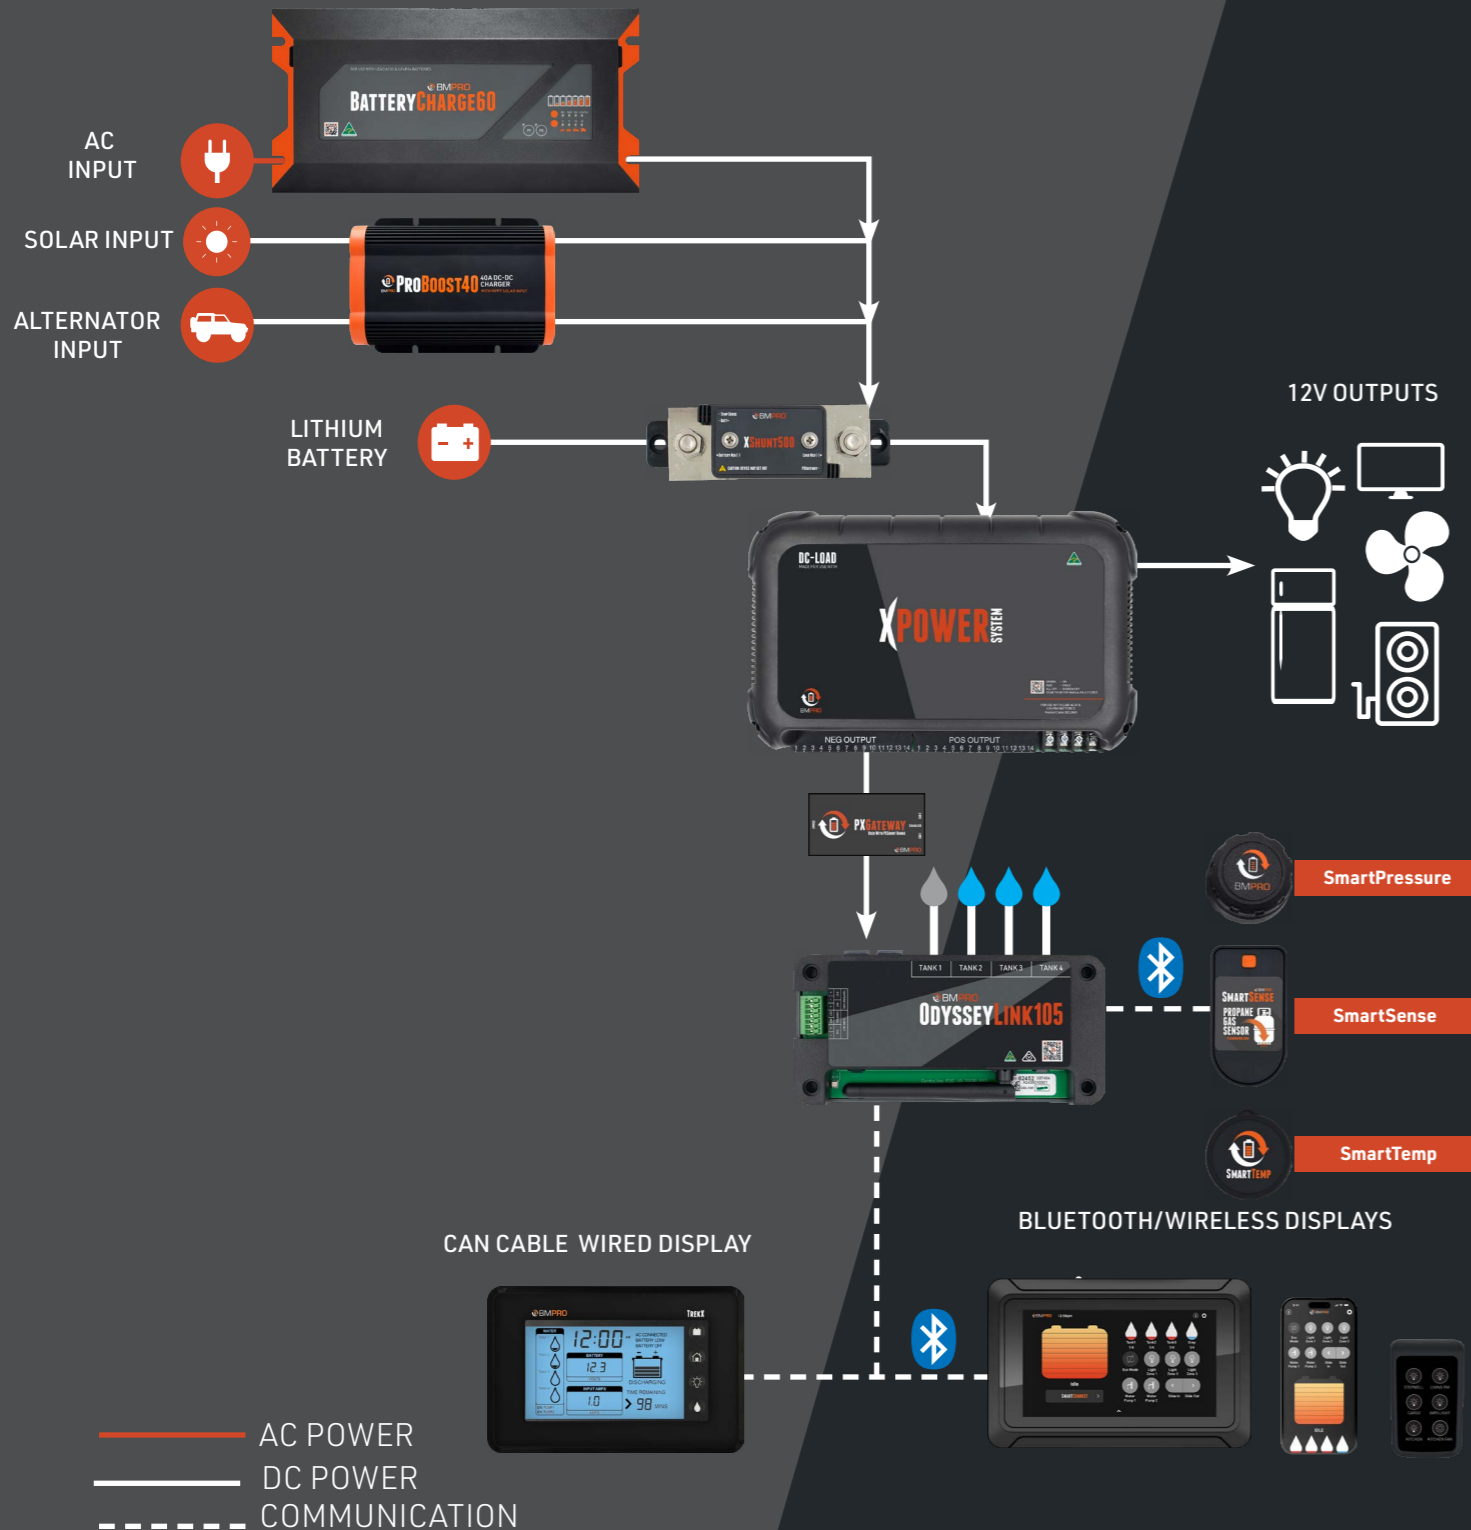

UP TO 800W OF
SOLAR PANELS

A MIXTURE OF ON
AND OFF-GRID
CAMPING THAT
REQUIRES HIGH
POWER

KEY FEATURES

- Modular System
- Multiple Display options
- 14 outputs with resettable fuses
- Mains, Solar & AUX Inputs
- Monitor up to 4 Water Tanks
- Control Lights, slideouts & more
- Lithium charging profile
- Bluetooth connectivity for smartphone use
- Low Voltage disconnect
- External Shunt included

CHARGING SPECIFICATIONS

Battery Size (Max)	1200Ah
Recommended Battery Size	350-1,000Ah
Solar Charge Current	40A
Mains Charge Current	60A
AUX Charge	40A

OUTPUT SPECIFICATIONS

10A Output with resettable fuses	12
15A output with resettable fuses	2
40A Untrrolled Output	1
LVD	Yes

XPOWER⁺100

- DC-LOAD
- + ODYSSEY SYSTEM
- + PROBOOST40
- + BATTERYCHARGE60
- + PXSHUNT500
- + 3000W INVERTER

100 AMP SYSTEM +3000W

RECOMMENDED FOR...

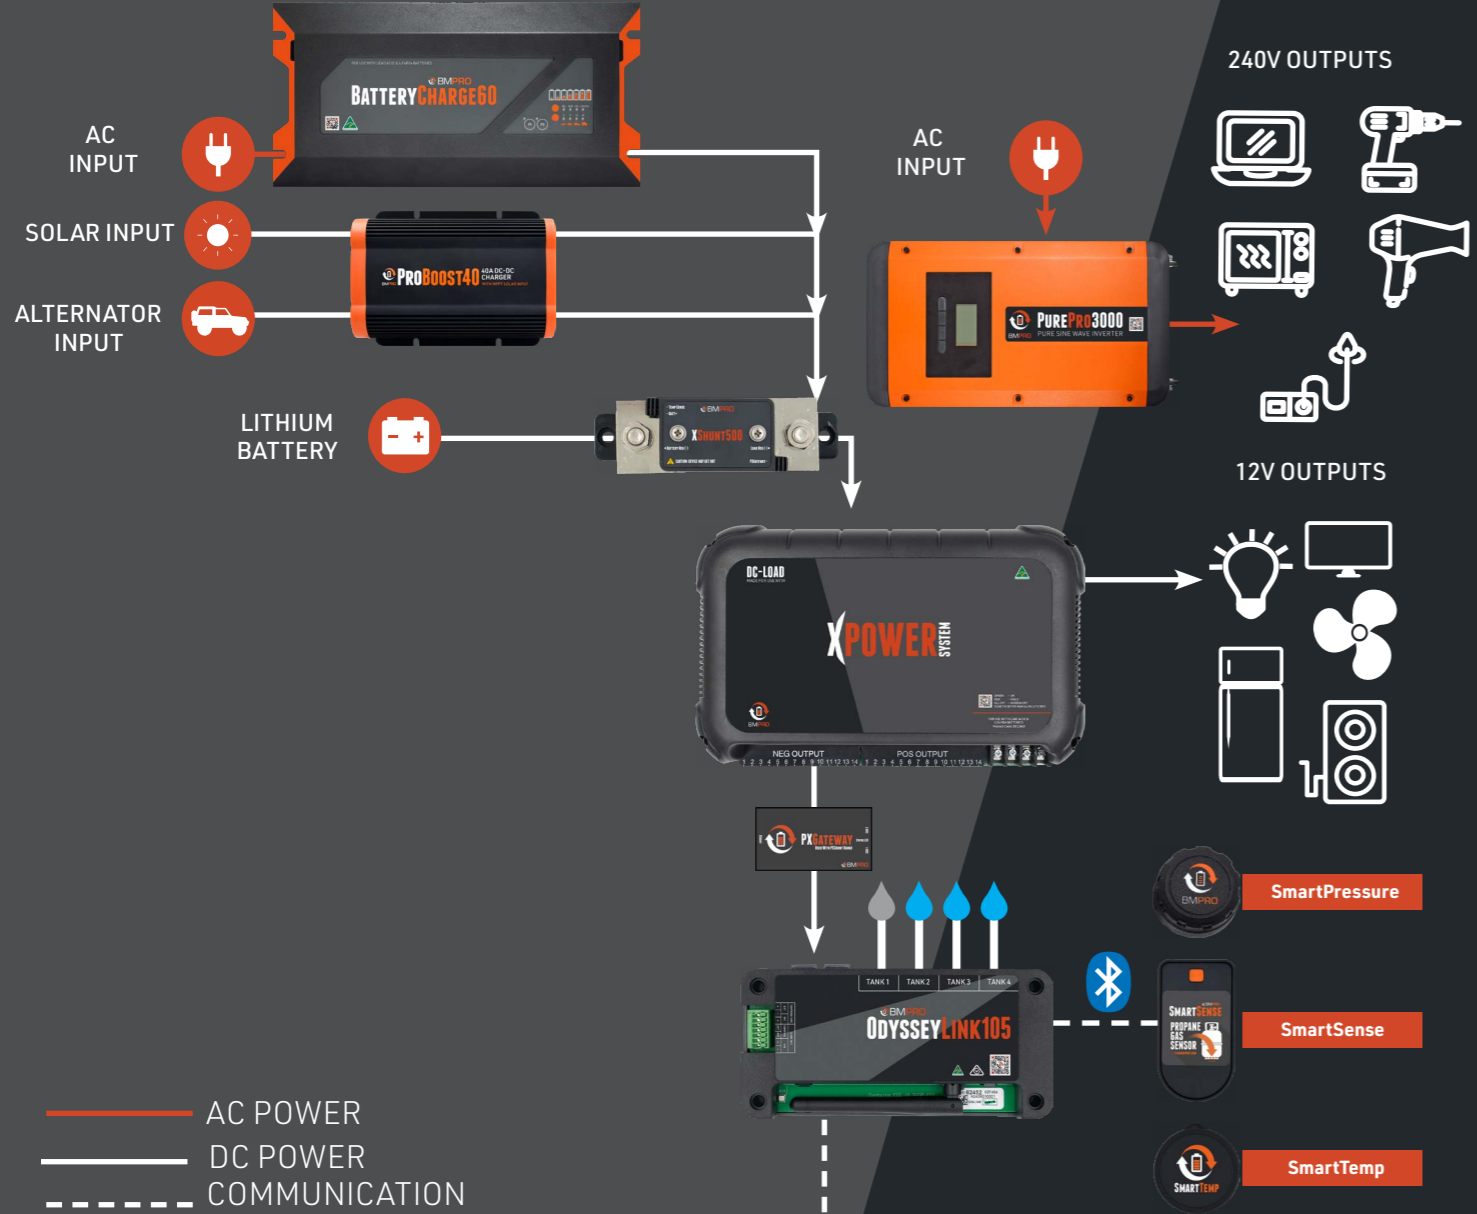

CHARGE FROM AC, SOLAR, AUX

UP TO 800W OF SOLAR PANELS

A MIXTURE OF ON AND OFF-GRID CAMPING THAT REQUIRES HIGH POWER

KEY FEATURES

- Modular System
- Multiple Display options
- 14 outputs with resettable fuses
- Mains, Solar & AUX Inputs
- Monitor up to 4 Water Tanks
- Control Lights, slideouts & more
- Lithium charging profile
- Bluetooth connectivity for smartphone use
- Low Voltage disconnect
- External Shunt included

CHARGING SPECIFICATIONS

Battery Size (Max)	1200Ah
Recommended Battery Size	350-1,000Ah
Solar Charge Current	40A
Mains Charge Current	60A
AUX Charge	40A

OUTPUT SPECIFICATIONS

10A Output with resettable fuses	12
15A output with resettable fuses	2
40A Uncontrolled Output	1
LVD	Yes
AC Output (Watts)	3000

CAN CABLE WIRED DISPLAY

BLUETOOTH/WIRELESS DISPLAYS

XPOWER 140

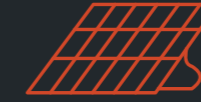

- DC-LOAD
- + ODYSSEY SYSTEM
- + PROBOOST40
- + POWERCORE3K100
- + PXSHUNT500

140 AMP SYSTEM +3000W

RECOMMENDED FOR...

CHARGE FROM AC,
SOLAR, AUX

UP TO 800W OF
SOLAR PANELS

A MIXTURE OF ON
AND OFF-GRID
CAMPING THAT
REQUIRES HIGH
POWER

KEY FEATURES

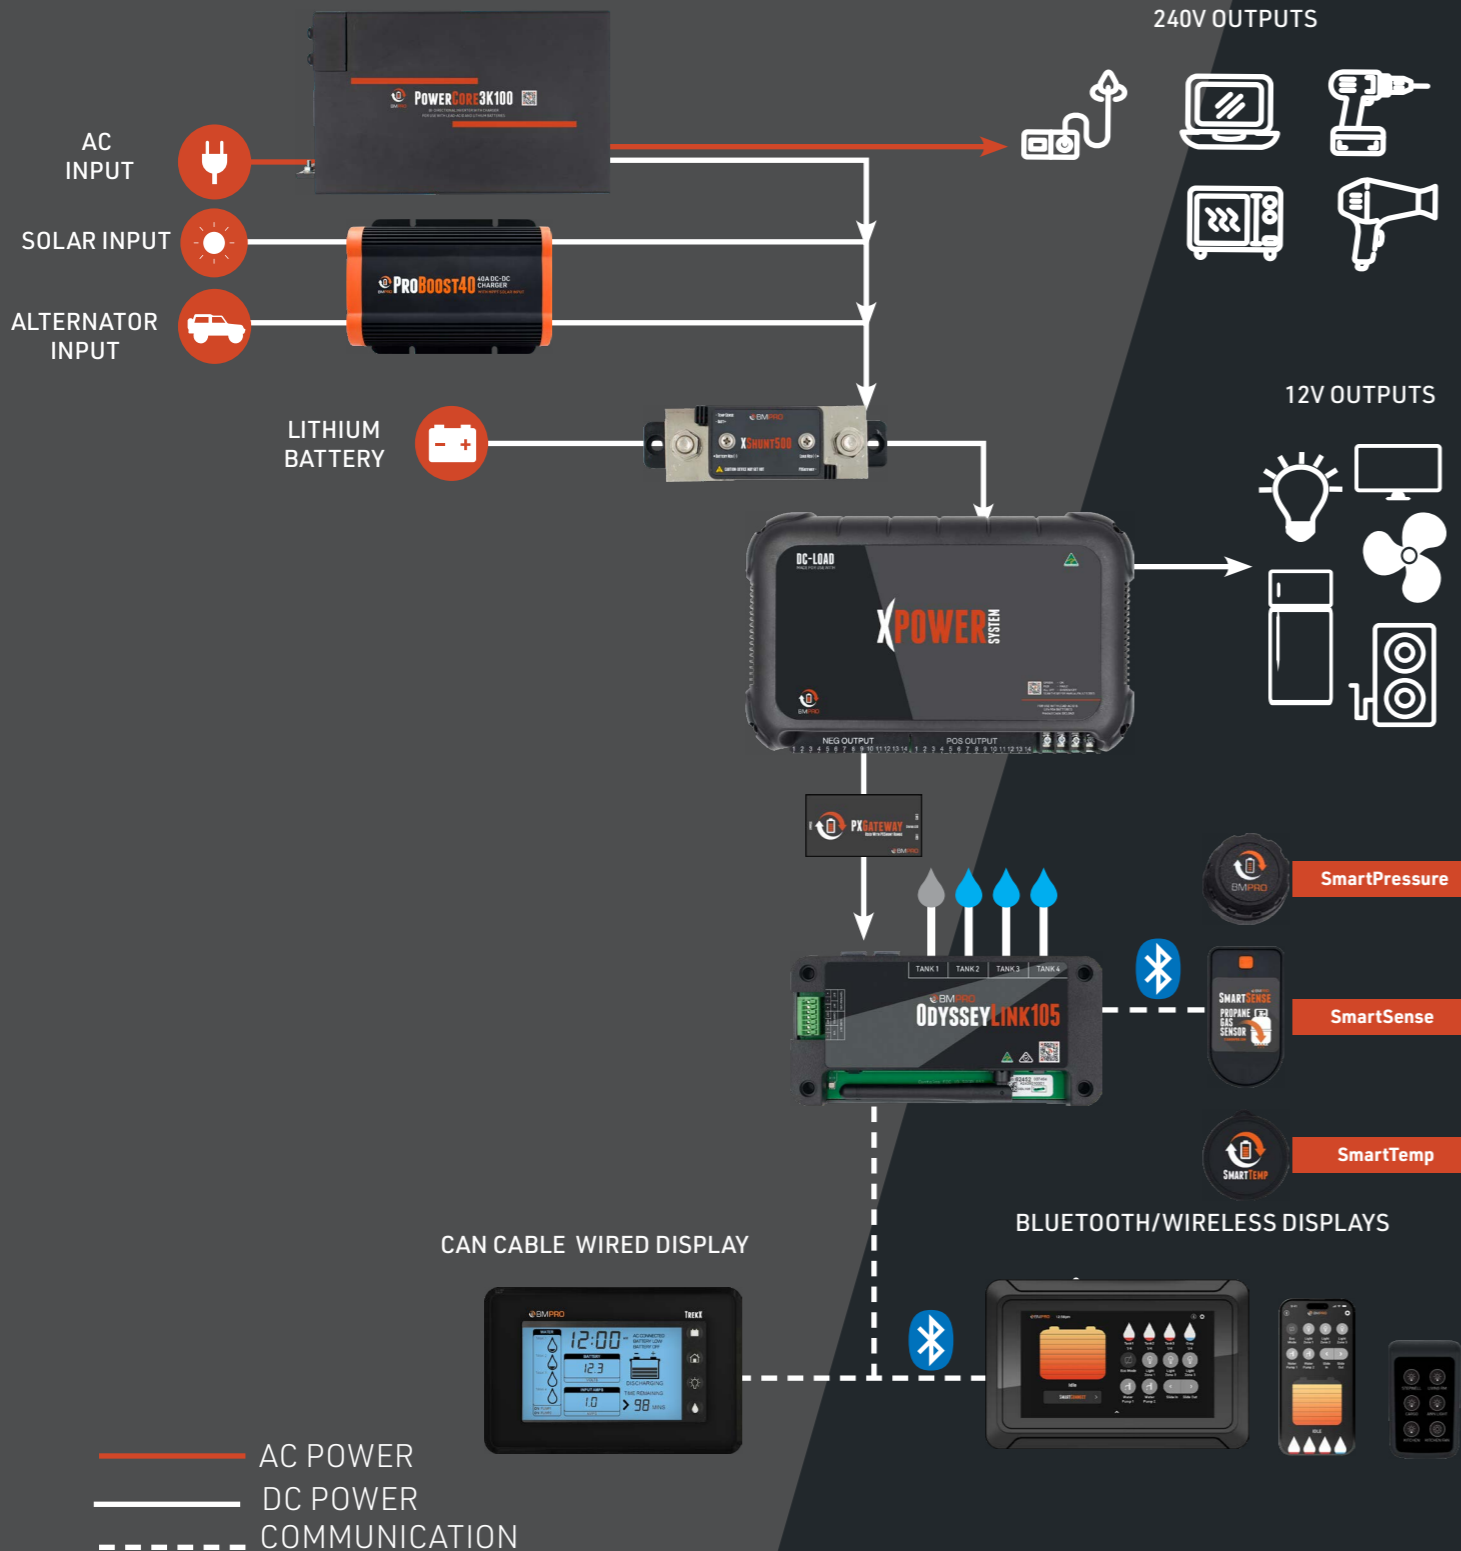

- All-in-one Inverter Charger with 100A AC Charge
- Monitor up to 4 Water Tanks
- Modular System
- Control Lights, slideouts & more
- Multiple Display options
- Lithium charging profile
- 14 outputs with resettable fuses
- Bluetooth connectivity for smartphone use
- Mains, Solar & AUX Inputs
- Low Voltage disconnect
- External Shunt included

CHARGING SPECIFICATIONS

Battery Size (Max)	1,800Ah
Recommended Battery Size	400-1,200Ah
Solar Charge Current	40A
Mains Charge Current	100A
AUX Charge	40A

OUTPUT SPECIFICATIONS

10A Output with resettable fuses	12
15A output with resettable fuses	2
40A Uncontrolable Output	1
LVD	Yes
AC Output (Watts)	3000

XPOWER180

- DC-LOAD
- + ODYSSEY SYSTEM
- + PROBOOST40 X 2
- + POWERCORE3K100
- + PXSHUNT500

180 AMP SYSTEM
+3000W

RECOMMENDED FOR...

CHARGE FROM AC,
SOLAR, AUX

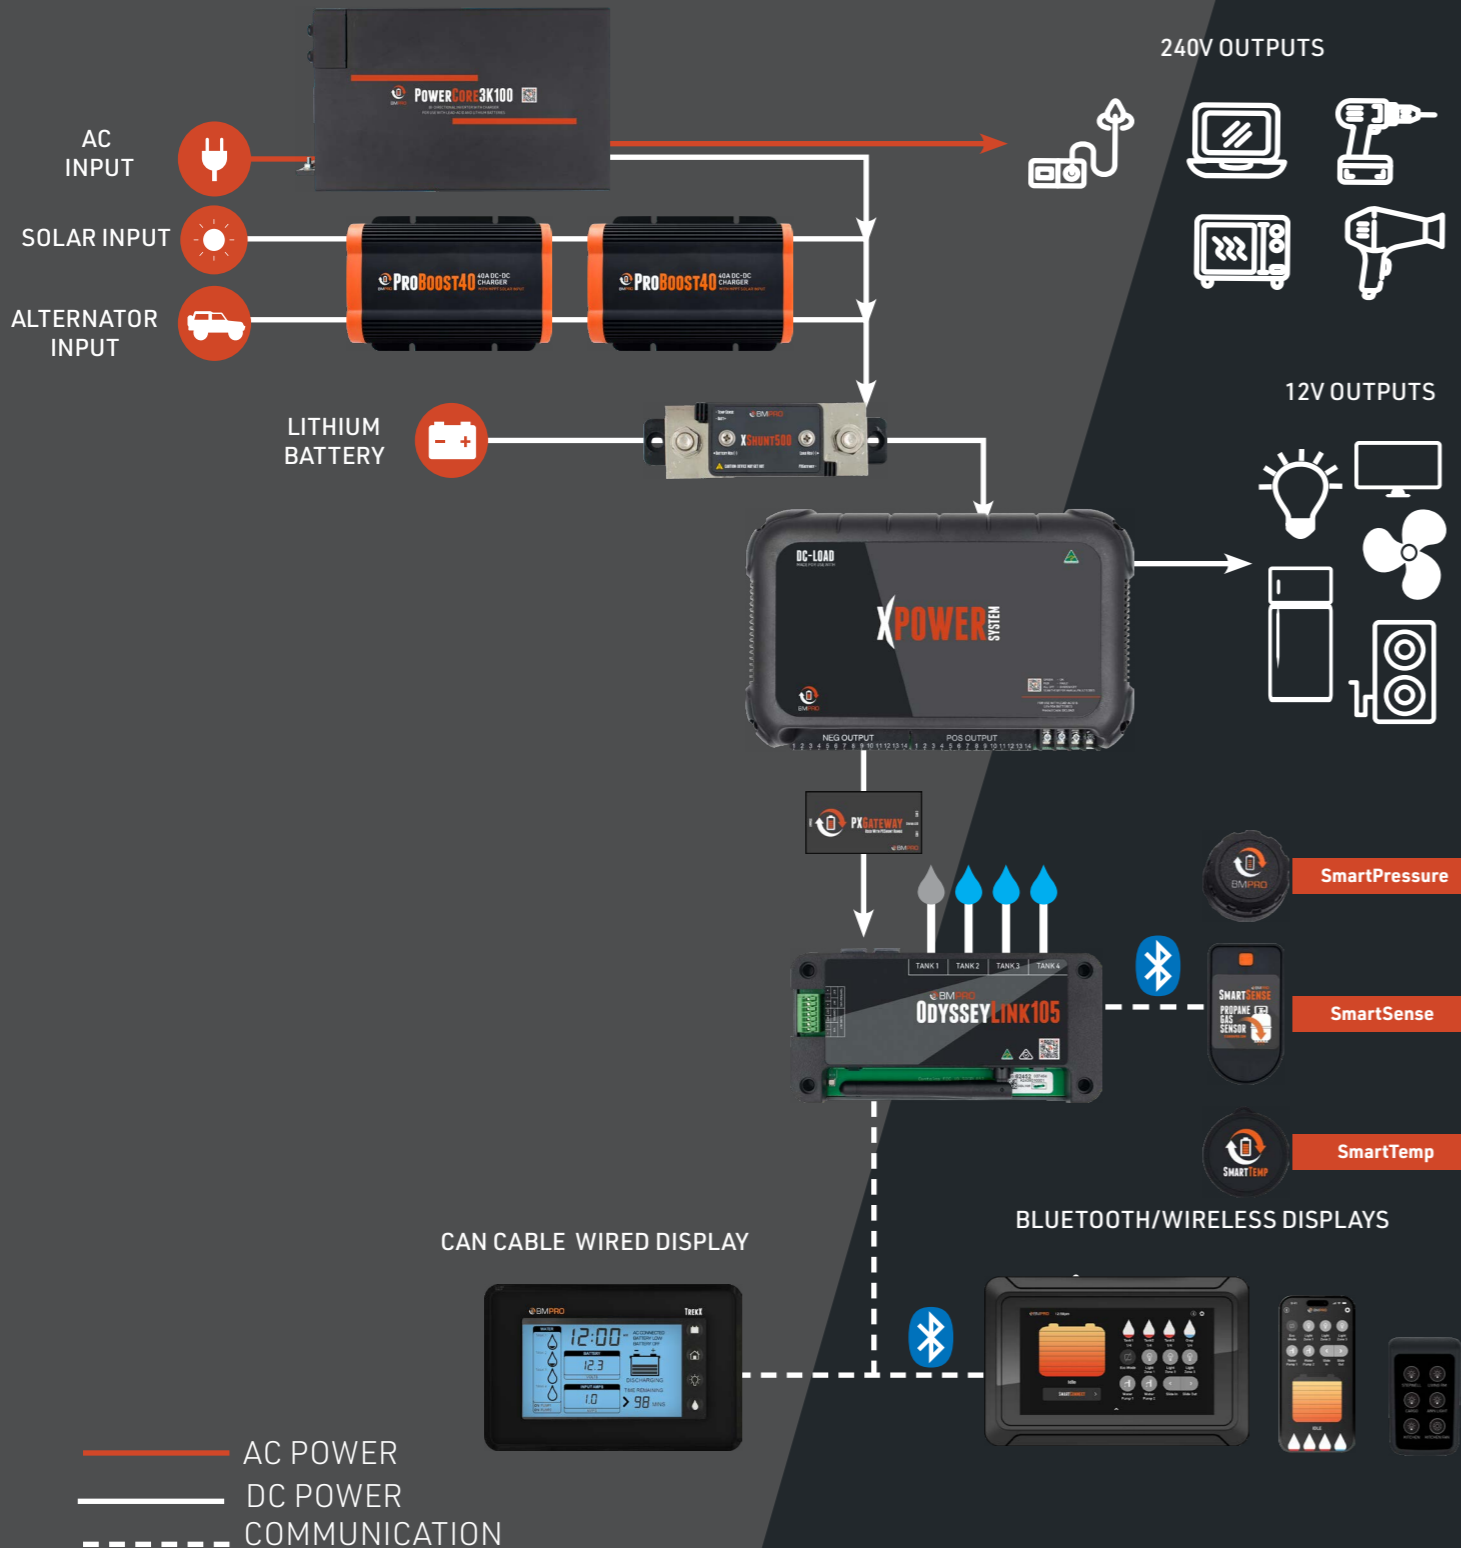

UP TO 1600W OF
SOLAR PANELS

A MIXTURE OF ON
AND OFF-GRID
CAMPING THAT
REQUIRES HIGH
POWER

KEY FEATURES

- All in one Inverter Charger with 100A AC Charge
- Boosted MPPT and DC Charge up to 80A
- Modular System
- Multiple Display options
- 14 outputs with resettable fuses
- Mains, Solar & AUX Inputs
- Charging sourcing
- Monitor up to 4 Water Tanks
- Control Lights, slideouts & more
- Lithium charging profile
- Bluetooth connectivity for smartphone use
- Low Voltage disconnect
- External Shunt included

CHARGING SPECIFICATIONS

Battery Size (Max)	2000Ah
Recommended Battery Size	350-1,800Ah
Solar Charge Current	80A
Mains Charge Current	100A
AUX Charge	80A

OUTPUT SPECIFICATIONS

10A Output with resettable fuses	12
15A output with resettable fuses	2
40A Uncontrollable Output	1
LVD	Yes
AC Output (Watts)	3000

Multiple Board sizes available

Quick & Easy Installations

Fuses and Battery Protections

SYSTEM COMPONENTS

POWER COMPONENTS

DCLoad
High Amp Power Management System
Compatible with lead acid and LiFeO4

ProBoost40
Dual Input MPPT Solar/Aux (alternator)
IP56 rating - dust, water resistant
Suitable for underbonnet installs

PowerCore3K100
Pure 240V Sine Wave Inverter
3000W inverter
100A AC Charger
LCD Screen + Remote Control

PurePro2000/3000
Pure 240V Sine Wave Inverter
Dual AC Outputs
LCD Screen + Remote Control

BatteryCharge60
60A DC Charger
500A Wired Shunt
Easy to read LED status indicators
Supports 12V batteries up to 1200Ah

SMART CONNECT RANGE

SmartTemp
Temperature Sensors
Measures Internal temperatures
Bluetooth connection

SmartSense
Gas Bottle Sensors
Easy DIY Install
Bluetooth connection

SmartPressure
Tyre Pressure Sensors
Accurate tyre pressure & internal temp
Bluetooth connection

COMMUNICATIONS & SCREENS

OdysseyLink105
Communication Centre
Bluetooth and CAN connections

TREKX Display
State of Charge of Battery
Monitor power usage
Control water pumps
Monitor up to 4 water tank levels

Touch Screen - Odyssey
Bluetooth and WIFI technology
Monitor battery and power usage
Control lights, waterpumps & more

Odyssey Switch
Bluetooth technology
Control Lights, fans and more
4 or 6 button options available

PXShunt500
500A Wired Shunt
Easy to read LED status indicators
Compatible with BMPRO power management and Odyssey system

ACCESSORIES

Dippers 2.5m
Digital water level indicator
Fresh & Grey water compatible
2.5m cable

Dippers 5m
Digital water level indicator
Fresh & Grey water compatible
5m cable

Dippers 7.5m
Digital water level indicator
Fresh & Grey water compatible
7.5m cable

ABOUT BMPRO

With over 54 years of expertise in power solutions and operating advanced manufacturing and design facilities in Melbourne, Australia, BMPRO is a trusted leader in delivering power and control systems designed for the outdoor, RV, 4WD, and adventure markets.

Whether you're deep in the wilderness or exploring distant horizons, BMPRO provides peace of mind by giving you complete control over your power needs, so you can focus on enjoying the journey.

LOCAL SERVICES AVAILABLE

Proudly Australian Owned, BMPRO's global head office is based in Knoxfield, Victoria and houses our Customer Service and Tech Support Teams, Warranty and Repair Centre, Product Development and Testing Facility along with our Australian manufacturing and production facility.
