

UPDATING THE BM PRO CONNECT APP

This guide provides instructions on how to update the BM PRO Connect app on either the Controller or a smartphone, and how to update the Node's firmware using the Controller.

CONNECTING TO THE INTERNET

If you are updating the app on the Controller, it must first be connected to the internet.

To connect the Controller to a Wi-Fi network:

1. Tap the main screen icon  to return to the Controller main screen.
2. From the main screen, tap the Settings icon. 
3. Select **Network & Internet**.
4. Select **Wi-Fi**.
5. Connect to your Wi-Fi network.

CREATING A GOOGLE ACCOUNT

To update the BM PRO Connect app on the Controller, you need to be logged in to a Google account.

If you don't have a Google account, you can create one from the Controller.

To create a Google account, tap the Google Play icon  and follow the on-screen instructions.

More information on creating a Google account can be found [here](#).

UPDATING THE APP ON THE CONTROLLER

Once the Controller is connected to Wi-Fi and you are logged in to a Google account, the BM PRO Connect app will automatically receive updates.

To manually update the BM PRO Connect app:

1. Tap the main screen icon  to return to the Controller main screen.
2. Open Google Play. 
3. Search for **BM PRO Connect**.
4. If an update is available, press the **Update** button.

The BM PRO Connect app will then update.

UPDATING THE APP ON A SMARTPHONE

To manually update the BM PRO Connect app:

1. Open either Google Play  or the App Store. 
2. Search for **BM PRO Connect**.
3. If an update is available, press the **Update** button.

The BM PRO Connect app will then update.
